Attachments: 2019-06-17 Prop Rule South Coast Ozone (84 FR 28132).pdf

Dear Kurt and Phil,

On June 17, 2019, the *Federal Register* published the attached EPA notice of proposed rulemaking on five state implementation plan (SIP) revisions submitted by the California Air Resources Board to meet Clean Air Act requirements for the 1979 1-hour, 1997 8-hour, and 2008 8-hour ozone national ambient air quality standards in the South Coast Air Basin ozone nonattainment area.

The five SIP revisions include the "Final 2016 Air Quality Management Plan," the "Revised Proposed 2016 State Strategy for the State Implementation Plan," the "2018 Updates to the California State Implementation Plan," the "Updated Federal 1979 1-Hour Ozone Standard Attainment Demonstration," and portions of South Coast Air Quality Management District Proposed Amended Rule 301 ("Permitting and Associated Fees"). In our action, we refer to these submittals collectively as the "2016 South Coast Ozone SIP."

The notice and docket are available at <http://www.regulations.gov> under docket ID EPA-R0-OAR-2017-0051.

Thank you for all the effort that has led to completion of these plans, and associated documents, and for working with us as we conducted our review. If you have any questions, please call me at 415-947-4146, or have your staff call John Ungvarsky at 415-972-3963.

Regards,

Amy
